

and assistance will be furnished as required. The field claims office will provide USARCS duplicates of all documentation as it is added to the field file. This will include all correspondence, memoranda, medical reports, reports, evaluations, and any other material relevant to the investigation and processing of the claim.

(3) *Claims involving privately owned vehicles.* In areas where the FTCA (§ 536.50) is applicable, any claim except those under 31 U.S.C. 3721, arising out of an accident involving a privately owned vehicle driven by a member of the DA, or by ARNG personnel as defined in § 536.71, based on an allegation that the privately owned vehicle travel was within the scope of employment, should be forwarded without adjudication directly to the Commander, USARCS. Additional information is provided in §§ 536.20 through 536.35, 536.90 through 536.97.

(4) *Claims within the exclusive jurisdiction of USARCS.* Authority to settle the following claims has been delegated to the Commander, USARCS, only:

(i) Claims of under Article VIII of the Agreement Regarding the Status of Forces Parties to the North Atlantic Treaty and other treaties or international agreements where the United States is the Receiving State;

(ii) Claims under § 536.60 (Maritime claims not arising out of civil works activities) except as delegated to overseas command claims services;

(iii) Industrial security claims, DoD Directive 5220.6, 12 August 1985; and

(iv) Claims of the U.S. Postal Service. Files of these claims will be forwarded directly to the Commander, USARCS, with the report of investigation and supporting papers, including a memorandum of opinion.

(5) *Maritime claims.* (i) A copy of a claim arising out of damage, loss, injury, or death which originates on navigable waters and is not considered cognizable under the Army Maritime Claims Settlement Act (10 U.S.C. 4802-4804) will be forwarded immediately to the Commander, USARCS or appropriate overseas command claims service. A determination will be made as to whether the claim must be processed under the Suits in Admiralty Act or

the Public Vessels Act or may be considered administratively.

(ii) If a maritime claim cannot be settled administratively, the claimant will be advised that he must file a suit.

(iii) If it is determined that both administrative and judicial remedies are available, the claim may be processed administratively and the claimant advised of the need to file a suit within 2 years of the date of occurrence if he chooses his judicial remedy.

(iv) If the claim is for damage to property, or injury to person, consummated on land, a claimant who makes an oral inquiry or demand will be advised that no suit can be filed until a period of six months has expired after a claim in writing is submitted.

(v) If it is determined by the Commander, USARCS, that a claim, apparently maritime in nature, is not within the maritime jurisdiction, the claimant will be so advised, and the claim will be returned for processing under the appropriate section of this regulation.

(h) *By district or division engineer.* The district or division engineer area claims office will take the action of an initial claims authority. Files of unpaid claims should be forwarded directly to USARCS. An information copy will be sent to the next higher engineer authority unless such requirement is waived.

(i) *By higher settlement authority.* A higher claims settlement authority may take action with respect to a claim in the same manner as the initial claims office. However, if it is determined that any further attempt to settle the claim would be unwarranted, the claim will be forwarded to the Commander, USARCS, with recommendations.

§ 536.6 Determination of liability.

(a) In the adjudication of tort claims, the liability of the United States generally is determined in accordance with the law of the State or country where the act or omission occurred, except that any conflict between local law and the applicable United States statute will be resolved in favor of the latter. However, in claims by inhabitants of the United States arising in

foreign countries, liability is determined in accordance with general principles of tort law common to the majority of American jurisdictions as evidenced by Federal case law and standard legal publications, except as it applies to absolute liability. Where liability is not clear or other issues exist, settlements should truly reflect the uncertainties in the adjudication of such issues. Compromise settlements are encouraged provided agreement can be reached that reflects the reduced value of the damages as measured against the full value or range of value if such uncertainties or issues did not exist and were it possible for the claimant to successfully litigate the claim.

(b) *Quantum exclusion.* The costs of filing a claim and similar costs, for example, court costs, bail, interest, inconvenience expenses, or costs of long distance telephone calls or transportation in connection with the preparation of a claim, are not proper quantum elements and will not be allowed.

§ 536.7 Incident to service exclusionary rule.

(a) *General.* A claim for personal injury or death of a member of the Armed Forces of the United States or a civilian employee of the United States that accrued incident to his service is not payable under this regulation. A claim for property damage that accrued incident to the service of a member of the Armed Forces may be payable under 31 U.S.C. 3721 or §§ 536.20 through 536.35 depending on the facts.

(b) *Property damage claims.* A claim for damage to or loss of personal property of a claimant who is within one of the categories of proper party claimants under 31 U.S.C. 3721, which is otherwise cognizable under 31 U.S.C. 3721, must first be considered thereunder. If a claim is not clearly compensable under 31 U.S.C. 3721, and it arises incident to a noncombat activity of the DA or was caused by a negligent or wrongful act or omission of military personnel or civilian employees of the Department of Defense (DOD), it may be cognizable under either §§ 536.20 through 536.35 or § 536.50. The claim, if meritorious in fact, will probably be payable under one authorization or another regardless of whether the claim

accrued incident to the service of the claimant.

(c) *Personal injury and death claims.*

(1) Only after the death or personal injury (which is the subject of the claim) has been determined to have not been incurred incident to the member's service should §§ 536.20 through 536.35 and § 536.50 be studied to determine which, if either, provides a proper basis for settlement of the claim. In any event, the rule in *U.S. v. Brooks*, 176 F.2d 482 (4th Cir. 1949) requiring setoff of amounts obtained through military or veterans' compensation systems against amounts otherwise recoverable will be followed. Other Government benefits, funded by general treasury revenues and not by the claimant's contributions, may also be used as a setoff against the settlement. (See, *Overton v. United States*, 619 F.2d 1299 (8th Cir. 1980)).

(2) As the incident to service issue is determinative as to whether this type of claim may be processed administratively at all, the applicable law and facts should be carefully considered before deciding that injury or death was not incident to service. Such claims also are often difficult to settle on the issue of quantum and thus more likely to end in litigation. Moreover, the United States may well elect to defend the lawsuit on the basis of the incident to service exclusion, and this defense could be prejudiced by a contrary administrative determination that a service member's personal injuries or death were not incident to service. Doubtful cases will be forwarded to the Commander, USARCS without action along with sufficient factual information to permit a determination of the incident to service question.

§ 536.8 Use of appraisers and independent medical examinations.

(a) *Appraisers.* Appraisers should be used in all claims where an appraisal is reasonably necessary and useful in effectuating the administrative settlement of the claims. The decision to use an appraiser is at the discretion of DA.

(b) *Independent medical examinations.* In claims involving serious personal injuries, for example, normally those cases in which there is an allegation of temporary or permanent disability, the
